

Mr.

Dennis A. Teefy

Project Manager, Command and Control Applications

Capability Program Executive Command and Control Information Network (CPE C2IN)

Mr. Dennis A. Teefy currently serves as the Project Manager Command and Control Applications (PM C2 APPS) within the Capability Program Executive Command and Control Information Network (CPE C2IN).

Mr. Teefy joined the U.S. Army in 1996 as a postgraduate intern with the U.S. Army Environmental Center, serving as a program manager focused on innovative environmental technology development and transfer.

In 2000, he joined the U.S. Army Aberdeen Test Center (ATC) as a test director specializing in training-range sustainment and unexploded ordnance detection technologies. He subsequently completed a developmental assignment as Technical Assistant to the Commander before becoming Division Chief of the Military Environmental Technology Demonstration Center. In 2006, he was tasked with establishing and leading the ATC Rapid Fielding and Equipping Office.

In 2008, Mr. Teefy became Division Chief of the Homeland Defense and Sustainment Division. The following year, he assumed the position of ATC Safety Office Chief.

Mr. Teefy was selected to participate in the Defense Acquisition University Senior Service College Fellowship and graduated with the 2010-2011 cohort.

In May 2011, Mr. Teefy was appointed Product Director of Cryptographic Systems within PEO Command, Control, Communications-Tactical (C3T), under Project Director Communications Security. In February 2014, he became Product Director for Key Management within PEO C3T under Project Lead Network Enablers (PL NET E), and in March 2015, he was selected as Deputy PL NET E. During his tenure at PEO C3T, he completed the modernization of the Army's cryptographic network, began fielding the new Key Management Infrastructure, and led the transition of Product Lead Military Technology Solutions to PEO Enterprise Information Systems.

Beginning in April 2020, Mr. Teefy served a four-year term as Project Director Sensors-Aerial Intelligence (PD SAI) within the Program Executive Office for Intelligence, Electronic Warfare and Sensors (PEO IEW&S;). He led an organization responsible for delivering the Army's premier Aerial Intelligence, Surveillance and Reconnaissance sensors. While at PD SAI, he guided the organization's pivot from a platform-centric to a sensor-centric model, partnered with PEO Aviation to initiate multiple Multi-Domain Sensing System programs, provided sensor systems to the uncrewed aerial system fleet, and divested numerous legacy AISR systems.

In May 2024, Mr. Teefy returned to PEO C3N as Project Manager for Tactical Radios (PM TR), where he was responsible for life-cycle management of the Army's portfolio of tactical communication systems enabling terrestrial and celestial communications. At PM TR, he fielded the next generation of software-defined tactical communication devices, executed the pivot of the Air-to-Ground Network Radio program, and successfully transitioned the Integrated Tactical Network Mid-Tier Acquisition fielding program to multiple programs of record.

In October 2025, PEO C3N was reimagined to align its organizational structure with the full-stack approach of the Next Generation Command and Control ecosystem. Mr. Teefy transitioned from PM TR to PM C2 APPS to establish governance over and conduct acquisition life-cycle management of the software applications layer that provides the interface to the Army's critical warfighting functions.

Throughout his career, Mr. Teefy has demonstrated a passion for human capital management, organizational change, and mentoring.

His awards include four Achievement Medals for Civilian Service, six Commander's Awards for Civilian Service, and two Superior Civilian Service Awards. He was presented the Bronze Order of Mercury by the U.S. Army Signal Regiment and the Bronze Order of St. Michael by the Army Aviation Association of America. He was also selected as one of 25 individuals to represent the U.S. Army Acquisition Corps on its 25th anniversary.

Mr. Teefy earned a Bachelor of Science in Agriculture from West Virginia University in 1995, a Master of Science in Environmental Science and Policy from Johns Hopkins University in 2003, and a Master of Arts in Management and Leadership from Webster University in 2011. In 2023, he received a certificate of completion for the Senior Executive Fellows Program from the John F. Kennedy School of Government at Harvard University.

He is a member of the U.S. Army Acquisition Corps and holds Level III certifications in both Program Management and Test and Evaluation. He also serves as the Army's Acquisition Functional Representative for the Program Management Career Field.

A native of Philadelphia, Pennsylvania, Mr. Teefy lives in Havre de Grace, Maryland, with his wife, Bonnie Jo, and their children, Morgan, Sam, and Eli. His hobbies include traditional Korean martial arts, playing poker, saltwater fishing, attending Baltimore Ravens games, and supporting his beloved West Virginia University athletic teams.
